Practice 2 E01
Sports Club Fee Preparation

Submission Template

Level	Duration	Marks	Tasks	Screenshots
Easy	15 minutes	10	4	4

Trainee name: Soumiya Ayyappan Candidate ID: 10877547

Catalog: cat_ltm10877547 Date: _____

Notebook worksheet pipeline or dashboard location: _____

Business scenario

A community sports club needs accurate charges for active enrolments. One active member has a missing concession. Prepare fee detail and reconcile the charges across centres.

Environment and object names

Use your existing assigned catalog and the fixed schema practice_2. Create that schema if it does not exist. Create only this question's new external volume at its assigned ADLS child path. Use the instructor-provided full URI, not an external-location root.

Item	Required value
Catalog	Your existing assigned catalog
Schema	practice_2
External volume	p2_e01_files
Relative ADLS path	practice_2/e01/files/ beneath your assigned trainee root
Input folder	/Volumes/<trainee_catalog>/practice_2/p2_e01_files/input/
Required object	p2_e01_member_fees

The instructor provides a unique trainee root and complete question URI before timing. The ten question paths are separate. Volumes store source files; managed Delta tables and pipeline outputs use schema managed storage outside volume paths.

Keep supplied file and folder spelling exact. Select your catalog in each execution context, including pipeline destinations and dashboard datasets. Questions are independent; original implementations and required saved outputs must remain reviewable.

Dataset description

P2_E01_Sports_Club_Fees.csv

CSV with a header row; 8 data rows and 8 columns. Blank cells mean missing values. Dates use YYYY-MM-DD; Boolean values use true or false.

Column	Required type	Description
member_id	Text	Member id
centre_id	Text	Centre id
programme	Text	Programme
sessions	Integer	Sessions
session_fee	Decimal 12 2	Fee for one sports session
concession	Decimal 12 2	Discount for the complete member enrolment
is_active	Boolean true false	Is active
enrolment_date	Date YYYY-MM-DD	Enrolment date

Business rules and required columns

1. Replace missing concession with 0.00 and retain only is_active true.

2. net_fee = sessions × session_fee − concession, stored to two decimal places. Retain all eight source columns and add net_fee.

3. Persist a managed Delta detail table in your existing catalog under practice_2.

Implementation flow

Prepare access → process data → compare expected outputs → capture evidence.

Task 1 Prepare governed source access

3 minutes | 2 marks | Exactly 1 screenshot

1. Use your existing assigned catalog. Create practice_2 if it does not exist and select it. Do not create a catalog.

2. Create a new EXTERNAL volume named p2_e01_files at the instructor-assigned full cloud URI for this question under the approved ADLS external location. Verify external type and the assigned storage location. Do not create a storage credential or external location.

3. Create an input folder in this volume and upload P2_E01_Sports_Club_Fees.csv. Preserve the exact filenames.

Expected output

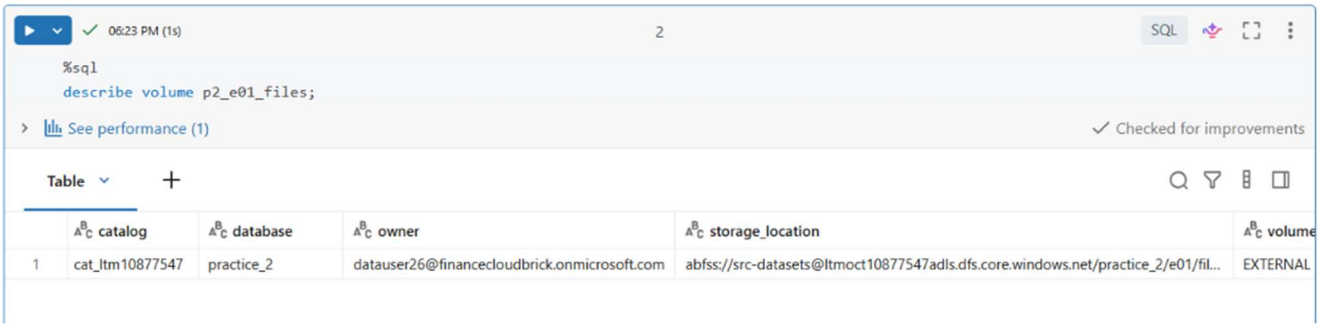

The question external volume, assigned URI and required input file or files are visible.

Required screenshot

External-volume details showing your catalog, practice_2, external type and assigned URI, with every required input filename visible.

Filename: P2_E01_T01.png. Place it in Task 1 of the matching submission template. Your implementation and output must be readable together where requested. Related panels may be captured in one image; tiny text or unreadable stitched images are not acceptable.

Paste the one required screenshot below

Evidence reference or workspace location:
/Workspace/Users/datauser26@financecloudbrick.onmicrosoft.com/newseteasy1

Task 2 Read and prepare active members

4 minutes | 3 marks | Exactly 1 screenshot

1. Read the typed source and identify the missing concession. Replace it with zero.

2. Retain active members and display source and retained counts and the excluded member ID.

Expected output

8 source rows; SC103 concession0.00; SC108 excluded; 7 active members retained.

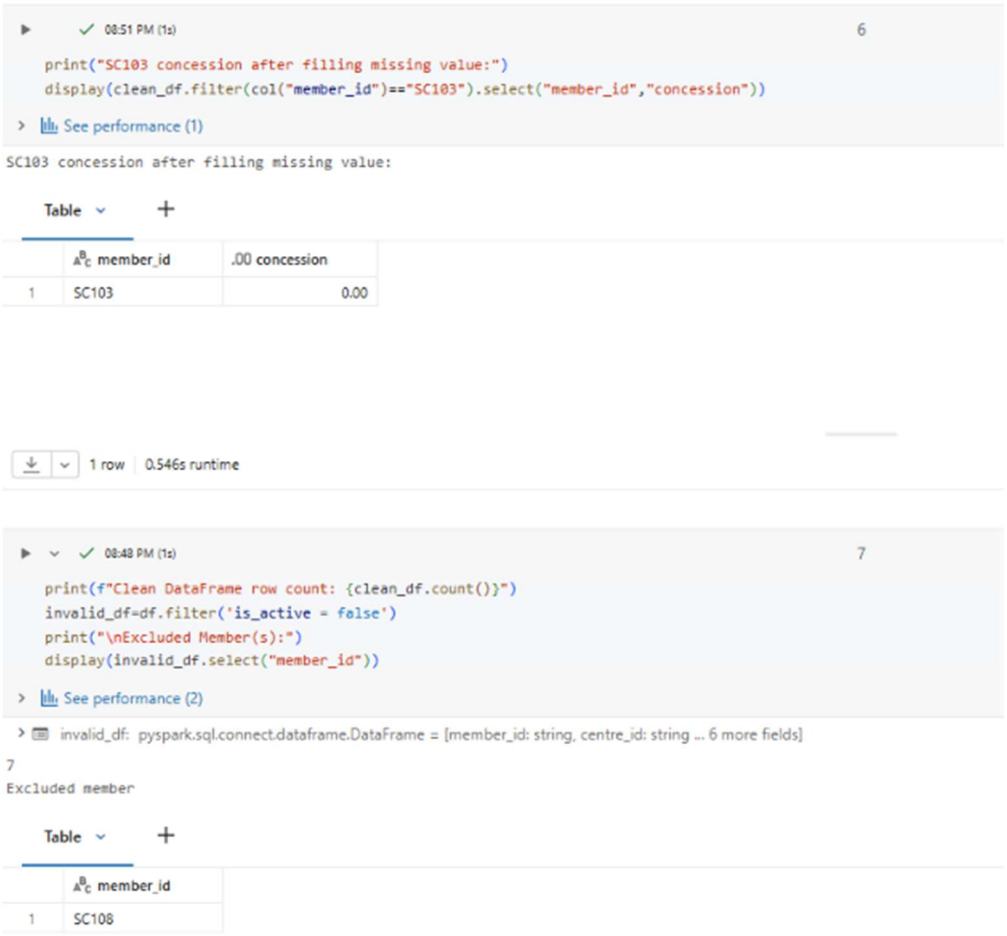

Required screenshot

Your preparation implementation and the missing concession, excluded ID and source and active counts.

Filename: P2_E01_T02.png. Place it in Task 2 of the matching submission template. Your implementation and output must be readable together where requested. Related panels may be captured in one image; tiny text or unreadable stitched images are not acceptable.

Paste the one required screenshot below

Evidence reference or workspace location:
/Workspace/Users/datauser26@financecloudbrick.onmicrosoft.com/newseteasy1

Task 3 Calculate and save fee detail

4 minutes | 3 marks | Exactly 1 screenshot

1. Calculate net_fee using the business formula. Save the nine-column managed Delta table.

2. Display all saved members ordered by member_id.

Expected output

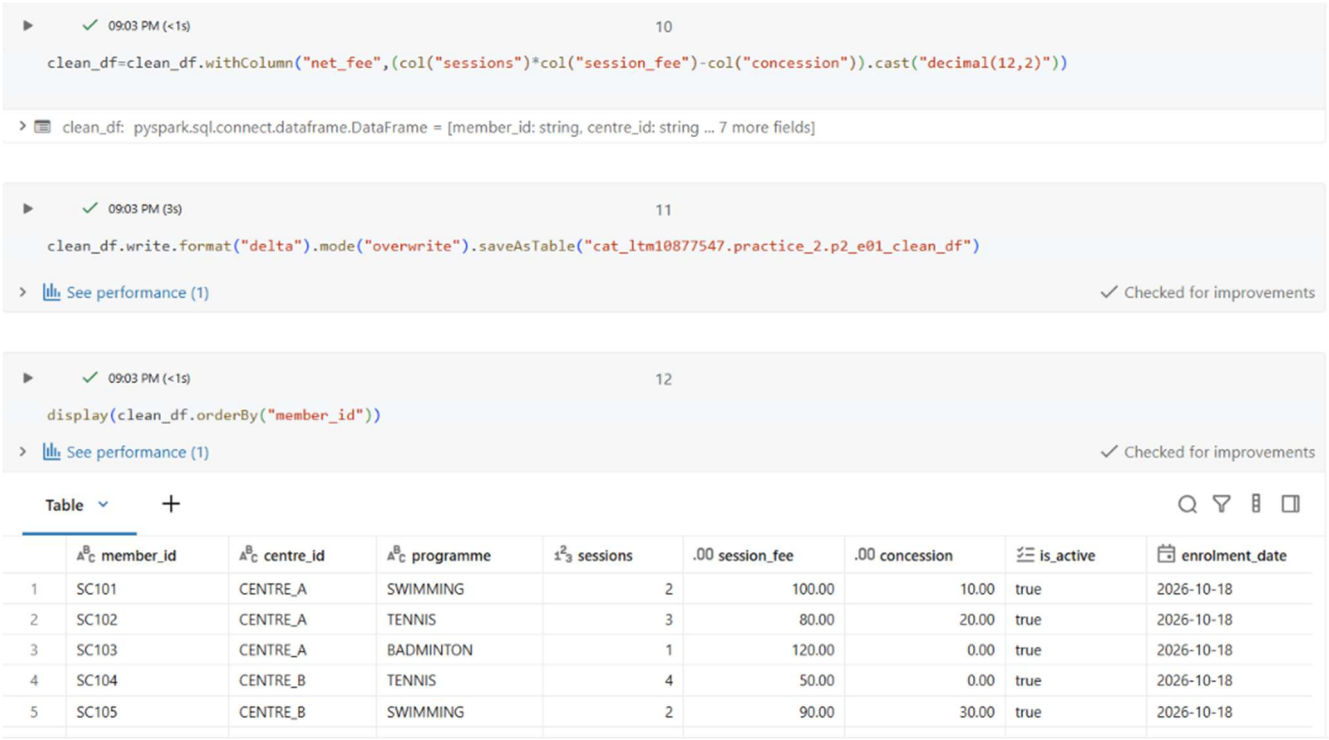

SC101: 190.00 SC102: 220.00 SC103: 120.00 SC104: 200.00 SC105: 150.00 SC106: 200.00 SC107: 190.00; 7 saved rows.

Required screenshot

Your fee calculation and persistence implementation and complete saved detail.

Filename: P2_E01_T03.png. Place it in Task 3 of the matching submission template. Your implementation and output must be readable together where requested. Related panels may be captured in one image; tiny text or unreadable stitched images are not acceptable.

Paste the one required screenshot below

	member_id	centre_id	programme	sessions	session_fee	concession	is_active	enrolment_date
1	SC101	CENTRE_A	SWIMMING	2	100.00	10.00	true	2026-10-18
2	SC102	CENTRE_A	TENNIS	3	80.00	20.00	true	2026-10-18
3	SC103	CENTRE_A	BADMINTON	1	120.00	0.00	true	2026-10-18
4	SC104	CENTRE_B	TENNIS	4	50.00	0.00	true	2026-10-18
5	SC105	CENTRE_B	SWIMMING	2	90.00	30.00	true	2026-10-18

Evidence reference or workspace location:
/Workspace/Users/datauser26@financecloudbrick.onmicrosoft.com/newseteasy1

Task 4 Reconcile centre fees

4 minutes | 2 marks | Exactly 1 screenshot

1. Produce member count and net_fee total by centre.

2. Check overall count and total against the saved detail.

Expected output

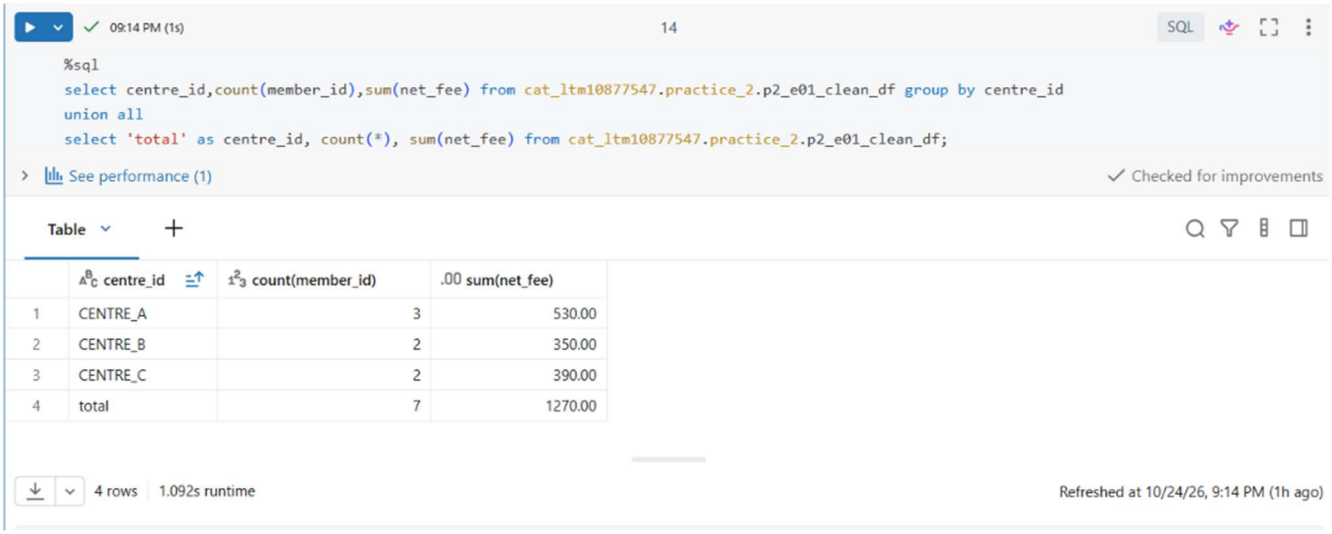

CENTRE_A: 3/530.00; CENTRE_B: 2/350.00; CENTRE_C: 2/390.00; overall 7/1270.00.

Required screenshot

Your reporting implementation and centre and overall reconciliation outputs.

Filename: P2_E01_T04.png. Place it in Task 4 of the matching submission template. Your implementation and output must be readable together where requested. Related panels may be captured in one image; tiny text or unreadable stitched images are not acceptable.

Paste the one required screenshot below

Evidence reference or workspace location:
/Workspace/Users/datauser26@financecloudbrick.onmicrosoft.com/newseteasy1

Expected final output

Centre	Members	Net fee
CENTRE_A	3	530.00
CENTRE_B	2	350.00
CENTRE_C	2	390.00

Centre	Members	Net fee
Overall	7	1270.00

Evaluation criteria and screenshot map

Task	Criterion	Marks
1	Correct catalog schema external volume and URI	1
1	Correct input folder and all source files	1
2	Correct typed source and missing concession handling	1
2	Only active members retained with correct counts	2
3	Correct calculated fees and decimal precision	2
3	Correct managed detail target and columns	1
4	Correct centre counts and fees	1
4	Overall count and fee reconciliation correct	1

Task	Time minutes	Marks	Screenshots	Filename
1	3	2	1	P2_E01_T01.png
2	4	3	1	P2_E01_T02.png
3	4	3	1	P2_E01_T03.png
4	4	2	1	P2_E01_T04.png

Total: 15 minutes, 10 marks and exactly 4 screenshots. No extra screenshots are required.

Marks are awarded for the stated implementation and observable task outcomes. A screenshot supports the criterion assigned to its task; it does not create an additional criterion. Retain original work so that implementation and saved outputs remain reviewable.

Submission requirements

Submit the matching template with exactly 4 readable task screenshots. Retain your original implementation and required objects in your trainee workspace folder and add their names or links to the template. Confirm expected outputs and fixed names. Preserve table history and change evidence. No additional report or validator is required.
